Welcome

The California School Boards Association is a collaborative group of virtually all of the state's more than 1,000 school districts and county offices of education. CSBA brings together school governing boards and their districts and county offices of education on behalf of California's children. Touting a reach of more than 7,500 school board members, administrators, business officials, state legislators, site administrators and facilities managers in California, our publications' reach is unmatched. Our readership spends more than \$80 billion annually to equip, maintain and operate thousands of schools for more than six million schoolchildren in California.
