**Summary:** Would require a public school maintaining any combination of classes from grade 6 to grade 12, inclusive, that meets a 40% pupil poverty threshold specified in federal law to stock 50% of the school's restrooms with feminine hygiene products, as defined. The bill would prohibit a public school from charging for any menstrual products, including feminine hygiene products, provided to pupils. By imposing additional duties on public schools, the bill would impose a state-mandated local program.

1st House				2nd House							

**Summary:** Would, upon the appropriation of moneys from the Public Transportation Account by the Legislature, create the Transit Pass Pilot Program to be administered by the Department of Transportation to provide free or reduced-fare transit passes, directly or through a 3rd party, including a transit agency, to specified pupils and students by supporting new, or expanding existing, transit pass programs. The bill would require the department to develop guidelines that describe the application process and selection criteria for awarding the moneys made available for the program, and would exempt the development of those guidelines from the Administrative Procedure Act.

**Governor's Message:** To the Members of the California State Assembly: I am returning Assembly Bill 17 without my signature. This bill requires the Department of Transportation to create a competitive grant program for local transit agencies to provide free and reduced-fare transit passes for low-income students. Many transit agencies, including the Los Angeles County Metropolitan Transportation Authority, already have a variety of reduced-fare transit programs for students. Before we create this new statewide program, I think we should have a fuller discussion on how local transit discount programs work and how any new ones should be paid for. Sincerely, Edmund G. Brown Jr.

**Summary:** Current law authorizes the governing board of a school district to initiate and carry on any program or activity, or to otherwise act in any manner which is not in conflict or inconsistent with, or preempted by, any law and which is not in conflict with the purposes for which school districts are established. This bill, until January 1, 2025, would authorize a school district with an average daily attendance of 400,000 or more pupils to maintain any single gender schools and classes that were enrolling pupils as of July 1, 2017, if certain requirements are met. The bill would authorize a charter school authorized by a school district with an average daily attendance of 400,000 or more pupils that was operating as a single gender school or with single gender classes as of July 1, 2017, to be maintained as a single gender school or to maintain single gender classes, if those same requirements are met.

**Summary:** Current law requires the Instructional Quality Commission to develop, and for the State Board of Education to adopt, modify, or revise, a model curriculum in ethnic studies. This bill would require the commission to develop, and the state board to adopt, reject, or modify, a model curriculum for pupils in grades 9 to 12, inclusive, in service learning, as defined, for voluntary use by educators. The bill would require the model curriculum to incorporate evidence-based and applied instructional practices for developing service learning skills, and to identify the ways in which the model curriculum aligns with, and is supportive of, the common core state standards.

**Governor's Message:** To the Members of the California State Assembly: I am returning Assembly Bill 189 without my signature. This bill would establish a model curriculum in service learning for adoption by the State Board of Education. I believe this bill is unnecessary. The Instructional Quality Commission carefully considered the subject of service learning when it was updating the History-Social Science

Framework and embedded it throughout the curriculum framework that the State Board of Education subsequently adopted. The appendix also includes a section "Practice Civic Engagement: Service Learning in the History-Social Science Framework." Sincerely, Edmund G. Brown Jr.

1st House				2nd House							

**Summary:** Current law requires the State Department of Education to take specified actions relating to the construction of school facilities, including to establish standards for use by school districts to ensure that the design and construction of school facilities are educationally appropriate and promote school safety. This bill would require those standards to also ensure that the design and construction of school facilities provide school districts with flexibility in designing instructional facilities.

**Governor's Message:** To the Members of the California State Assembly: I am signing Assembly Bill 203, which requires the Office of Public School Construction and the California Department of Education to develop regulations that will provide school districts with additional flexibility in the design of instructional facilities. This bill also requires the Department to provide technical assistance to small school districts seeking to build or fund school facilities. I share the author's goal of streamlining school design and the process for applying to the state for construction funds. While this bill will create some flexibility for local schools, we need to explore additional steps to bring greater flexibility to the School Facilities Program. This could include some modifications to Proposition 51, which now makes the system far too rigid. I look forward to working with the author and school districts to achieve more substantial reforms. 1st House				2nd House							

**Summary:** Would declare that, notwithstanding any other law, a pupil has the right to wear religious, ceremonial, or cultural adornments, as defined, at school graduation ceremonies. The bill would also declare that nothing in its provisions shall be construed to limit a local educational agency's authority to prohibit an item that is likely to cause a substantial disruption of, or interference with, the ceremony or to expand or diminish any pupil rights established under specified provisions related to school dress codes and pupil freedom of speech.

**Governor's Message:** To the Members of the California State Assembly: I am returning Assembly Bill 233 without my signature. This bill provides that a student has the right to wear specific adornments at school graduation ceremonies. Students in California have a well-established right to express their views through symbolic acts under the state Education Code and the Free Speech Clause of the First Amendment. See Tinker v. Des Moines Independent Community School Dist. (1969) 393 U.S. 503, 506.

Under these precedents, student expression is clearly protected. To the extent that there is a dispute about what a student can wear at school graduation ceremonies, I believe those closest to the problem -- principals and democratically elected school boards -- are in the best position to make wise judgments. Sincerely, Edmund G. Brown Jr.

**Summary:** Current law, unless the school district is granted an exemption, limits the amount of the combined assigned or unassigned ending fund balance contained in a school district's annual budget in any fiscal year immediately after a fiscal year in which a transfer is made into the Public School System Stabilization Account, and establishes a formula for calculating the maximum amount allowable for school districts with less than 400,000 units of average daily attendance, and a formula for school districts with more than 400,000 units of average daily attendance, as specified. This bill would make that limitation applicable in a fiscal year immediately after a fiscal year in which the amount of moneys in the Public School System Stabilization Account are equal to or exceed 3% of the combined total of General Fund revenues appropriated for school districts and allocated local proceeds of taxes, as specified, for that fiscal year.

The bill would encourage these entities to submit an intention to dispose of these obsolete instructional materials to public notice and comment procedures, as specified.

**Governor's Message:** To the Members of the California State Assembly: I am returning Assembly Bill 446 without my signature. It would authorize a school district, county office of education or State Board of Education to donate surplus property or obsolete instructional materials to individuals in adjoining states. This bill is unnecessary. Current law already authorizes the donation of these obsolete materials to public agencies in other states. **Summary:** Current law requires a schoolsite council or a school safety planning committee comprised of specified members to write and develop a comprehensive school safety plan relevant to the needs and resources of a particular school, and exempts a small school district from this requirement if certain conditions are met. Current law authorizes a school district or county office of education to elect to have the portions of the plan that include tactical responses to criminal incidents to be developed by the administrators of the school district or county office of education in consultation with law enforcement officials. This bill would require the comprehensive school safety plan to be aligned with the school climate state priority and the local control and accountability plan.

**Summary:** Would authorize an electrical corporation to file with the PUC, by July 30, 2018, a pilot program proposal for the installation of vehicle charging stations at school facilities and other educational institutions, giving priority to school facilities and other educational institutions located in disadvantaged communities, as defined. The bill would require the PUC to review, modify if appropriate, and decide whether to approve a pilot program proposal filed by an electrical corporation by December 31, 2018.

**Governor's Message:** I am signing Assembly Bill 1082 and Assembly Bill 1083. These bill authorize electric corporations to file proposals for pilot programs with the California Public Utilities Commission by July 30, 2018 for the installation of electric vehicle charging stations at schools, state parks or state beaches. The bills also require the Commission to review, modify, if necessary, and decide whether to approve the proposals by December 31, 2018. Improved access to electric vehicle charging stations for all Californians is an important component of achieving the goal of 1.5 million zero emission vehicles on California roads by 2025. While I am signing these two bills, I note that deployment of charging infrastructure should take place in locations that make the most sense and that minimize any increased cost to ratepayers. **Summary:** Current law requires a public agency to comply with a request for school records without unnecessary delay before any meeting regarding an individualized education program. This bill would require a public agency, before any meeting regarding an individualized education program, to offer to provide to the parent copies of any available, completed school records related to the pupil's current levels of performance, and any available, completed assessment reports, if these records and reports are related to that meeting. The bill would require the public agency, if the parent requests those copies, to make them available to the parent at least 5 business days before the meeting.

**Governor's Message:** To the Members of the California State Assembly: I am returning Assembly Bill 1264 without my signature. This bill would require that a parent be offered copies of relevant school records and assessment reports at least five business days before a meeting regarding a student's Individualized Education Program under special education laws. This bill is unnecessary. The Notice of Procedural Safeguards, which is required under the Individuals with Disabilities Act, highlights parents' rights to request copies of relevant school records and reports and receive them within five business days of the request. This document is provided to parents the first time their child is referred for a special education assessment, when they ask for a copy, each time they are given an assessment plan to evaluate their child, upon receipt of their first state or due process complaint in a school year, and when the decision is made to make a removal that constitutes a change of placement. As a result, parents who wish to review these records and reports before an Individualized Education Program meeting can already do so. For this reason, I am returning AB 1264 without my signature. **Summary:** Current law provides that when there is reason to believe that a person arrested for a violation of specified controlled substance provisions may not be a citizen of the United States, the arresting agency shall notify the appropriate agency of the United States having charge of deportation matters. This bill would repeal those provisions.

**Governor's Message:** To the Members of the California State Senate: I am signing Senate Bill 54, the California Values Act. This bill states that local authorities will not ask about immigration status during routine interactions. It also bans unconstitutional detainer requests and prohibits the commandeering of local officials to do the work of immigration agents. The bill further directs our Attorney General to promulgate model policies for local and state health, education, labor and judiciary officials to follow when they deal with immigration matters. In enshrining these new protections, it is important to note what the bill does not do. This bill does not prevent or prohibit Immigration and Customs Enforcement or the Department of Homeland Security from doing their own work in any way. They are free to use their own considerable resources to enforce federal immigration law in California. Moreover, the bill does not prohibit sheriffs from granting immigration authorities access to California jails to conduct routine interviews, nor does it prevent cooperation in deportation proceedings from anyone in state prison or for those in local jails for any of the hundreds of serious offenses listed in the TRUST Act.

These are uncertain times for undocumented Californians and their families, and this bill strikes a balance that will protect public safety, while bringing a measure of comfort to those families who are now living in fear every day. Sincerely, Edmund G. Brown Jr.

**Governor's Message:** To the Members of the California State Senate: I am returning Senate Bill 169 without my signature. This bill would codify a combination of federal regulations and guidance on sexual harassment - some of which has been repealed, some of which is still in effect - as well as some language from model policies that have been developed by California universities. This is not a simple issue. Sexual harassment and sexual violence are serious and complicated matters for colleges to resolve. On the one side are complainants who come forward to seek justice and protection; on the other side stand accused students, who, guilty or not, must be treated fairly and with the presumption of innocence until the facts speak otherwise. Then, as we know, there are victims who never come forward, and perpetrators who walk free. Justice does not come easily in this environment. That is why in 2014 I signed into law the first affirmative consent standard in the country for colleges to adopt in their sexual assault policies, so that clear and basic parameters for responsible behavior could be established. Yes Means Yes, along with its attendant preponderance standard, is the law in California, which only the courts or a future legislature can change. Since this law was enacted, however, thoughtful legal minds have increasingly questioned whether federal and state actions to prevent and redress sexual harassment and assault - well-intentioned as they are - have also unintentionally resulted in some colleges' failure to uphold due process for accused students. Depriving any student of higher education opportunities should not be done lightly, or out of fear of losing state or federal funding. Given the strong state of our laws already, I am not prepared to codify additional requirements in reaction to a shifting federal landscape, when we haven't yet ascertained the full impact of what we recently enacted. We have no insight into how many formal investigations result in expulsion, what circumstances lead to expulsion, or whether there is disproportionate impact on race

or ethnicity. We may need more statutory requirements than what this bill contemplates. We may need fewer. Or still yet, we may need simply to fine tune what we have. It is time to pause and survey the land. I strongly believe that additional reflection and investment of time in understanding what is happening on the ground will help us exercise due care in this complex arena. I intend to convene a group of knowledgeable persons who can help us chart the way forward. Sincerely, Edmund G. Brown Jr.

**Summary:** Current law authorizes the governing boards of 2 or more school districts to enter into an agreement for the interdistrict attendance of pupils who are residents of the school districts. Current law provides for appeal to the county board of education if the governing board of either school district fails to approve a request within a specified time period or the governing board fails or refuses to enter into an agreement. Current law requires the county board of education, within 30 calendar days after the appeal is filed, to determine whether the pupil should be permitted to attend the school in which the pupil desires to attend unless the county board of education is located in a class 1 or class 2 county, as defined, in which case the county board of education, until July 1, 2018, is required to make this determination within 40 schooldays. **Summary:** The California Constitution requires that all judicial, school, county, and city offices be nonpartisan. The California Constitution prohibits a political party or party central committee from nominating a candidate for nonpartisan office, and prohibits including the party preference of a candidate for nonpartisan office on the ballot for the nonpartisan office. This measure would allow school, county, and city offices, except the office of the Superintendent of Public Instruction, to be partisan offices.
