PHYSICAL EDUCATION AND ACTIVITY

Definitions

Note: The following **optional** section reflects definitions provided in the California Department of Education's (CDE) 2009 Physical Education Framework for California Public Schools.

Physical education is a sequential educational program that teaches students to understand and participate in regular physical activity for developing and maintaining physical fitness throughout their lifetimes, understand and improve their motor skills, enjoy using their skills and knowledge to establish a healthy lifestyle, and understand how their bodies work.

Physical activity is bodily movement that is produced by the contraction of skeletal muscle and that substantially increases energy expenditure, including exercise, sport, dance, and other movement forms.

Moderate physical activity is any activity which generally requires sustained, rhythmic movements and refers to a level of effort a healthy individual might expend while, for example, walking briskly, dancing, swimming, or bicycling on level terrain. A person should feel some exertion but should be able to carry on a conversation comfortably during the activity.

Vigorous physical activity is any activity which generally requires sustained, rhythmic movements and refers to a level of effort a healthy individual might expend while, for example, jogging, participating in high-impact aerobic dancing, swimming continuous laps, or bicycling uphill. Vigorous physical activity may be intense enough to result in a significant increase in heart and respiration rate.

Instructional Time

Note: Education Code 51210 requires the adopted course of study for grades 1-6 to include instruction in physical education for at least 200 minutes each 10 school days, exclusive of recesses and the lunch period. For grades 7-12, Education Code 51222 requires that all students, except students excused or exempted pursuant to Education Code 51241, attend courses of physical education for at least 400 minutes each 10 school days. However, pursuant to Education Code 51223, elementary school districts maintaining grades 1-8 must provide instruction in physical education for students in grades 7-8 that matches the requirement for grades 1-6 of not less than 200 minutes each 10 school days, exclusive of recesses and the lunch period. The CDE's Categorical Program Monitoring process reviews district compliance with these instructional time requirements. The district should select the option below that reflects the grade levels offered by the district.

When determining the number of instructional minutes, it is recommended that districts exclude time spent walking to and from class or engaging in other physical activity conducted outside the physical education instructional program, such as in regular classroom activities or before/after school programs.

PHYSICAL EDUCATION AND ACTIVITY (continued)

OPTION 1: (Elementary Districts with any of Grades 1-8)

Instruction in physical education shall be provided for a total period of time of not less than 200 minutes each 10 school days. (Education Code 51210, 51223)

OPTION 2: (High School Districts)

Instruction in physical education shall be provided for a total period of time of not less than 400 minutes each 10 school days. (Education Code 51222)

OPTION 3: (Unified School Districts)

Instruction in physical education shall be provided for a total period of time of not less than 200 minutes each 10 school days for students in grades 1-6 and not less than 400 minutes each 10 school days for students in grades 7-12. (Education Code 51210, 51222)

(cf. 6178.2 - Regional Occupational Center/Program)

Monitoring Moderate to Vigorous Physical Activity

Note: The following **optional** section may be revised to reflect district practice. See the accompanying Board policy for language establishing an expectation for students to be engaged in moderate to vigorous physical activity for 50 percent of physical education class/session time.

To monitor whether students are engaged in moderate to vigorous physical activity for at least 50 percent of physical education class or session time, the Superintendent or designee may:

PHYSICAL EDUCATION AND ACTIVITY (continued)

1. Develop methods to estimate the amount of time students spend in moderate to vigorous physical activity or the number of students who are inactive during physical education classes
2. Provide physical education teachers with staff development, self-monitoring tools, stopwatches, and/or heart rate monitors to assist them in planning and assessing the level of activity in their classes

(cf. 4115 - Evaluation/Supervision)

Physical Fitness Testing

Note: Education Code 60800 requires districts to administer a physical fitness test to students in grades 5, 7, and 9. The State Board of Education has designated FITNESSGRAM as the required physical fitness test. Pursuant to 5 CCR 1041, this requirement also applies to students who attend schools that are on a block schedule and students who may not be enrolled in physical education classes during the annual assessment window.

The following paragraph should be modified to reflect grade levels offered by the district. In addition, if the district has chosen to administer the test in any of grades 10-12 (see accompanying Board policy), the following paragraph should be modified accordingly.

During the annual assessment window between the months of February through May, students in grades 5, 7, and 9 shall be administered the physical fitness test designated by the State Board of Education. (Education Code 60800; 5 CCR 1041)

(cf. 6162.5 - Student Assessment)

The Superintendent or designee may provide a make-up date for students who are unable to take the test based on absence or temporary physical restriction or limitations, such as students recovering from illness or injury. (5 CCR 1043)

Note: The following paragraph is **optional**. 5 CCR 1043.4 authorizes, but does not require, the district to designate a physical fitness test coordinator. If the district chooses to designate a test coordinator, his/her duties must include those described in 5 CCR 1043.4.

On or before November 1 of each school year, the Superintendent may designate an employee to serve as the district's physical fitness test coordinator and so notify the test contractor. The test coordinator shall serve as the liaison between the district and California Department of Education for all matters related to the physical fitness test. His/her duties shall be those specified in 5 CCR 1043.4, including, but not limited to, overseeing the administration of the test and the collection and return of all test data to the test contractor. (5 CCR 1043.4)

PHYSICAL EDUCATION AND ACTIVITY (continued)

Students shall be provided with their individual results after completing the physical performance testing. The test results may be provided in writing or orally as the student completes the testing and shall be included in his/her cumulative record. (Education Code 60800; 5 CCR 1043.10, 1044)

(cf. 5125 - Student Records)

Each student's test results shall also be provided to his/her parents/guardians.

The Superintendent or designee shall report the aggregate results of the physical fitness testing in the annual school accountability report card required by Education Code 33126 and 35256. (Education Code 60800)

(cf. 0510 - School Accountability Report Card)

Students with disabilities may be provided the following accommodations if specified in their individualized education program (IEP) or Section 504 plan: (5 CCR 1047)

PHYSICAL EDUCATION AND ACTIVITY (continued)

1. Administration of the test at the most beneficial time of day to the student after consultation with the test contractor
2. Administration of the test by a test examiner to the student at home or in the hospital
