PHYSICAL EDUCATION AND ACTIVITY

Note: The following optional policy may be revised to reflect district practice and the grade levels offered by the district. See the accompanying administrative regulation for definitions of "physical education" and "physical activity" based on the California Department of Education's (CDE) 2009 Physical Education Framework for California Public Schools.

The federal Child Nutrition and Women, Infants and Children (WIC) Reauthorization Act of 2004 (42 USC 1751 Note) mandates each district participating in federal meals programs to adopt a districtwide student wellness policy, including goals for physical activity. See BP 5030 - Student Wellness for language fulfilling this mandate. The following policy also may incorporate goals for physical activity.

Education Code 33352 requires the CDE, as part of the Categorical Program Monitoring (CPM) process, to monitor districts' compliance with specified state physical education requirements which are reflected in the following policy and the accompanying administrative regulation.

The Governing Board recognizes the positive benefits of physical activity on student health and academic achievement. The district shall provide all students the opportunity to be physically active on a regular basis through high-quality physical education instruction and may provide additional opportunities for physical activity throughout the school day. The district's physical education and activity programs shall support the district's coordinated student wellness program and encourage students' lifelong fitness.

(cf. 5030 - Student Wellness)
(cf. 6142.8 - Comprehensive Health Education)

Note: Education Code 51210 and 51220 require the district's course of study for grades 1-12 to include physical education, with an emphasis on physical activities conducive to health and vigor of body and mind; see AR 6143 - Courses of Study. The CDE's 2009 Physical Education Framework describes components of a comprehensive physical education program based on the voluntary Physical Education Model Content Standards adopted by the State Board of Education (SBE).

The district's physical education program shall provide a developmentally appropriate sequence of instruction aligned with the state's model content standards and curriculum framework. The Superintendent or designee shall ensure that the district's program provides students with equal opportunities for instruction and participation regardless of gender in accordance with law.

(cf. 0410 - Nondiscrimination in District Programs and Activities)
(cf. 6011 - Academic Standards)
(cf. 6143 - Courses of Study)

Note: The following two optional paragraphs are for use by districts that maintain high schools.
PHYSICAL EDUCATION AND ACTIVITY  (continued)

According to the CDE's *Physical Education Framework*, it is the obligation of the Governing Board to determine whether to grant physical education credit for a particular course, including, but not limited to, junior ROTC, marching band, cheerleading, or drill team. In making this determination, the Board must determine how the particular course supports an overall course of study for grades 9-12 that includes the eight content areas specified in Education Code 33352 and 5 CCR 10060 for physical education programs. While it is not necessary that each individual course include all eight content areas, the course offerings must be structured so that all students receive opportunities for instruction in each of the eight areas across grades 9-12. The CDE's *Physical Education FAQs* add that any course for which physical education credit is granted must also meet requirements in Education Code 33352 pertaining to minimum instructional minutes, various reporting requirements, and the assignment of an appropriately credentialed teacher.

The overall course of study for grades 9-12 shall include the effects of physical activity upon dynamic health, the mechanics of body movement, aquatics, gymnastics and tumbling, individual and dual sports, rhythms and dance, team sports, and combatives. (Education Code 33352; 5 CCR 10060)

The Board shall approve the courses in grades 9-12 for which physical education credit may be granted.

(cf. 6146.1 - High School Graduation Requirements)
(cf. 6146.11 - Alternative Credits Toward Graduation)

Note: The following optional paragraph is for use by all districts and may be revised to reflect district practice. The U.S. Department of Health and Human Services' (HHS) *2008 Physical Activity Guidelines for Americans* recommends that children and adolescents participate in at least 60 minutes of moderate to vigorous physical activity per day, which can be accrued in smaller increments throughout the day. To help reach this goal, HHS recommends that students be engaged in moderate to vigorous physical activity for at least 50 percent of physical education class time. See the accompanying administrative regulation for definitions of "moderate physical activity" and "vigorous physical activity." Also see CSBA's Fact Sheet on Moderate to Vigorous Physical Activity in Physical Education to Improve Health and Academic Outcomes.

The district's physical education program shall engage students in moderate to vigorous physical activity, as defined in the accompanying administrative regulation, for at least 50 percent of class or session time. The Superintendent or designee shall develop strategies to monitor the amount of moderate to vigorous physical activity that takes place in the physical education instructional program.

Students with disabilities shall be provided instruction in physical education in accordance with their individualized education program or Section 504 accommodation plan.

(cf. 6159 - Individualized Education Program)
(cf. 6164.6 - Identification and Education Under Section 504)

During air pollution episodes, extreme weather, or other inclement conditions, physical education staff shall make appropriate adjustments to the program or shall seek alternative indoor space to enable students to participate in active physical education.

Staffing

Physical education instruction shall be delivered by appropriately credentialed teachers who may be assisted by instructional aides, paraprofessionals, and/or volunteers.

(cf. 1240 - Volunteer Assistance)
(cf. 4112.2 - Certification)
(cf. 4222 - Teacher Aides/Paraprofessionals)

The district shall provide physical education teachers with continuing professional development, including classroom management and instructional strategies designed to keep students engaged and active and to enhance the quality of physical education instruction and assessment.

(cf. 4131 - Staff Development)
(cf. 5121 - Grades/Evaluation of Student Achievement)

Physical Fitness Testing

Note: The following section may be revised to reflect grade levels offered by the district. Education Code 60800 requires districts to administer a physical fitness test to students in grades 5, 7, and 9. The SBE has designated FITNESSGRAM as the required physical fitness test. See the accompanying administrative regulation for testing requirements.

The Superintendent or designee shall annually administer the physical fitness test designated by the State Board of Education to students in grades 5, 7, and 9. (Education Code 60800; 5 CCR 1041)

Temporary Exemptions

Note: The following section is optional. Education Code 51241 authorizes, but does not require, the district to grant temporary exemptions from physical education under the conditions described in items #1-2 below.

The Superintendent or designee may grant a temporary exemption from physical education under either of the following conditions: (Education Code 51241)

1. The student is ill or injured and a modified program to meet his/her needs cannot be provided.
2. The student is enrolled for one-half time or less.
PHYSICAL EDUCATION AND ACTIVITY  (continued)

Two-Year Exemptions

Note: The following optional section is for use by districts that maintain grades 10-12. Education Code 51241 authorizes, but does not require, the district to grant a two-year exemption from physical education to eligible students in grades 10-12.

Pursuant to Education Code 51241, in order to be eligible for the two-year exemption, students are required to "satisfactorily" meet at least five of the six standards of the state's physical fitness test in grade 9. Students are considered to have satisfactorily met a standard on the FITNESSGRAM if they score in the "healthy fitness zone" on that standard. The six fitness areas measured by FITNESSGRAM are aerobic capacity, body composition, abdominal strength and endurance, trunk extensor strength and flexibility, upper body strength and endurance, and flexibility.

With the student's consent, the Superintendent or designee may exempt a student from physical education courses for any two years during grades 10-12 provided that the student has satisfactorily met at least five of the six standards of the state's physical fitness test in grade 9. (Education Code 51241)

Note: In addition to administering the physical fitness test to students in grade 9, Education Code 51241 authorizes districts to administer the test to students in grades 10-12 so that such students may qualify for the two-year exemption. The following paragraph is optional.

Upon request by students and/or their parents/guardians, the Superintendent or designee may administer the physical fitness test to students in grades 10-12 who need to pass the test in order to qualify for a two-year exemption from physical education courses.

Permanent Exemptions

Note: The following section is optional. Education Code 51241 authorizes, but does not require, the district to grant permanent exemptions from physical education to an individual student under the conditions described in items #1-3 below.

The Board should delete any categories of exemptions that it does not wish to allow.

The Superintendent or designee may grant a permanent exemption from physical education to an individual student under any of the following conditions: (Education Code 51241)

1. The student is age 16 years or older and has been enrolled in grade 10 for one or more academic years.

2. The student is enrolled as a postgraduate student.

3. The student is enrolled in a juvenile home, ranch, camp, or forestry camp school with scheduled recreation and exercise.
### PHYSICAL EDUCATION AND ACTIVITY (continued)

#### Other Exemptions

Note: The following optional section is for use by districts that maintain high schools. Education Code 51222, 51242, and 52316 authorize, but do not require, the following exemptions from physical education courses. The Board should select the items that reflect the types of exemptions that it wishes to allow.

The Superintendent or designee may grant an exemption from physical education under the following special circumstances:

1. The student in grades 10-12 is excused for up to 24 clock hours in order to participate in automobile driver training. (Education Code 51222)

2. The student in grades 10-12 attends a regional occupational center or program and attendance in physical education courses results in hardship because of the travel time involved. (Education Code 52316)

3. The student is in high school and is engaged in a regular school-sponsored interscholastic athletic program carried on wholly or partially after regular school hours. (Education Code 51242)

(cf. 6145.2 - Athletic Competition)

#### Additional Opportunities for Physical Activity

Note: The following section is optional. See the accompanying administrative regulation for sample strategies for physical activity opportunities outside the physical education program. Also see CSBA's Fact Sheet on Maximizing Opportunities for Physical Activity During the School Day.

The Superintendent or designee shall develop strategies to supplement physical education instruction with additional opportunities for students to be physically active before, during, and after the school day.

(cf. 5148.2 - Before/After School Program)  
(cf. 6145 - Extracurricular and Cocurricular Activities)  
(cf. 6145.5 - Student Organizations and Equal Access)

#### Program Evaluation

Note: The following optional section should be revised to reflect district practice. Districts that do not maintain high schools or do not offer any of the exemptions described in the sections above on "Two-Year Exemptions" or "Permanent Exemptions" should modify the following paragraph to delete reports of two-year and permanent exemptions.
The Superintendent or designee shall annually report to the Board the results of the state physical fitness testing for each school and applicable grade level. He/she shall also report to the Board regarding the number of instructional minutes offered in physical education for each grade level, the number of two-year and permanent exemptions granted pursuant to Education Code 51241, and any other data agreed upon by the Board and the Superintendent or designee to evaluate program quality and the effectiveness of the district's program in meeting goals for physical activity.
