The Governing Board encourages the enrollment and appropriate placement of all school-aged children in school. The Superintendent or designee shall inform parents/guardians of children entering a district school at any grade level about admission requirements and shall assist them with enrollment procedures.

Before enrolling any child in a district school, the Superintendent or designee shall verify the child's age, residency, immunization, and other applicable eligibility criteria specified in law, the accompanying administrative regulation, or other applicable Board policy or administrative regulation.

The Superintendent or designee shall ensure that the enrollment of a homeless or foster child or a child of a military family is not delayed because of outstanding fees or fines owed to the child's last school or for his/her inability to produce previous academic, medical, or other records normally required for enrollment.

Note: Education Code 48645.5 prohibits the district from denying enrollment to a child solely for reason of his/her contact with the juvenile justice system as specified in the following paragraph. Also see AR 6173.3 - Education for Juvenile Court School Students. Pursuant to Education Code 48647, districts are strongly encouraged to work together with other agencies, including, but not limited to, the county office of education and the county probation department, to facilitate smooth transition of children from the juvenile court schools into regular schools.

In addition, no child shall be denied enrollment in a district school solely on the basis of his/her arrest, adjudication by a juvenile court, formal or informal supervision by a probation officer, detention in a juvenile facility, enrollment in a juvenile court school, or other contact with the juvenile justice system.
